RELEVANT EXPERIENCE

- **Software Engineering Associate Tutor**
  University of East Anglia
  January 2020 — May 2020

  Provided software engineering and Java assistance and teaching to students that required it in computer labs for a 2nd year module while in my 3rd year of studies. Successfully troubleshooting code with short familiarisation with code.

- **Freelance Web Developer**
  Robot Mascot
  April 2019 — August 2019

  Maintained the e-commerce website that was custom built during my internship, updating and adding website functionality according to client requests.

- **App Development Internship**
  University of East Anglia
  June 2018 — September 2018

  Worked in a team with other interns to develop a mobile application for a client using the Scrum/Agile framework. Developed with Unity, C#, Firebase.

- **Full Stack Web Developer Internship**
  Robot Mascot
  October 2017 — March 2018

  Worked as a full stack web developer in a team to build a custom e-commerce website for a client from the ground up using PHP, MongoDB, HTML/CSS, Javascript, VueJS.

EDUCATION

- **BSc in Computer Science** — University of East Anglia

  September 2016 — July 2020

  I achieved a First Class Honours in BSc Computer Science at UEA with 85.5% in my dissertation. During this course, I studied graphics, computer vision, networking, parallel computation, and more. I was awarded best individual performance in my final year.

- A Levels & GCSEs

  Colchester Sixth Form College, Tendring Technology College

  CDD in Maths, Computing, Physics
  Distinction* in Music Tech, 10 GCSEs A-C, Distinctions, including A* in Maths
